REQUESTOR	INFORMATION REQUESTED	DATE OF REQUEST	STATUS? Complete Closed New	TYPE OF REQUEST
Sanchez, Gabriel	<p>Further, I would like to please request clarification as to why this public agency is selectively releasing public information to one party, Lewis/Paladino, and not others as communicated to me by; Dave Althausen, Phil Caporale, Scott Loggins , Meagan Catafi, Manny Alvarez, on behalf of POST in the May 7, 2019 denial letter from POST in regards to my request for materials already generated into the public domain with your original January 2019 release to Lewis/Paladino?</p> <p>In the <i>Ardon v Los Angeles</i> decision stated by the Attorney General in the POST/DOJ joint communication to Lewis/Paladino posted online, it states on page 9 of the decision that, "<u>The Public Records Act denies public officials any power to pick and choose the recipients of disclosure</u>" which your May 7, 2019 denial of my request for the materials sent to Lewis/Paladino directly violates. And I ask again why POST has decided it may <i>selectively release</i> information against the letter of The Public Records Act and the precedent in <i>Black Panther v. Kehoe</i> where the courts explained "that the exemption provisions make the records either 'completely public or completely confidential'", which POST is not abiding to by releasing public information to Lewis/Paladino and then arbitrarily denying the exact same information to others requesting what POST/DOJ made publicly available.</p> <p>In POST's denial of my request for the request of materials sent to Lewis/Paladino, it states the fulfillment of said request violates the following Pen. Codes 11105, 11076, 11140-11144 [11141, 11142, 11143]. Also stated in POST's letters to Lewis/Paladino</p> <p><u>Beyond the request for clarification I am requesting the following information under the California Public Records Act.</u></p> <p><u>1.</u> According to 11105 sub (B)(k)(2) states that when the state criminal history information is disseminated, it shall include the list of informational items (below). - I would like to request documents confirming the materials sent to Lewis/Paladino included the following list of information as stated in 11105, with a confirmation for all seven furnished state summary criminal history points_of information (A-G).</p>	05/22/19	C	CPRA

	<p><u>(2) Notwithstanding any other law, whenever state summary criminal history information is initially furnished pursuant to paragraph (1), the Department of Justice shall disseminate the following information:</u></p> <p>(A) Every conviction rendered against the applicant.</p> <p>(B) Every arrest for an offense for which the applicant is presently awaiting trial, whether the applicant is incarcerated or has been released on bail or on his or her own recognizance pending trial.</p> <p>(C) Every arrest or detention, except for an arrest or detention resulting in an exoneration, provided, however, that where the records of the Department of Justice do not contain a disposition for the arrest, the Department of Justice first makes a genuine effort to determine the disposition of the arrest.</p> <p>(D) Every successful diversion.</p> <p>(E) Every date and agency name associated with all retained peace officer or nonsworn law enforcement agency employee preemployment criminal offender record information search requests.</p> <p>(F) Sex offender registration status of the applicant.</p> <p>(G) Sentencing information, if present in the department's records at the time of the response.</p> <p><u>2.</u> Further, the May 7, 2019 POST denial of requested materials sent to Lewis/Paladino, under the argument that it would violate in part PC 11141 and 111142.</p> <p>I would like to request the name[s] of the POST and or DOJ employee[s] who "knowingly furnishe[d] a record or information obtained from a record to a person who is not authorized by law to receive the record or information (Lewis/Paladino – according to POST/DOJ)." under ARTICLE 6. Unlawful Furnishing of State Summary Criminal History Information [11140 - 11144]</p> <p>"11141. Any employee of the Department of Justice who knowingly furnishes a record or information obtained from a record to a person who is not authorized by law to receive the record or information is guilty of a misdemeanor."</p> <p>AND</p> <p>"11142. Any person authorized by law to receive a record or information obtained from a record who knowingly furnishes the record or information to a person who is not authorized by law to receive the record or information is guilty of a misdemeanor."</p> <p>- An employee or employees of POST/DOJ, public agencies in California, compiled and knowingly sent materials to Lewis/Paladino, and if it is in fact a crime as repeated by POST/DOJ stating why the material cannot be shared with me because we are unauthorized to receive confidential materials violating 11141 and 11142; therefore I am requesting the name of said employee or employees who according to the language in 11141 and 11142 "is guilty of a misdemeanor."</p>

	<p>As to your request for the materials delivered to Mr. Lewis and or Mr. Paladino in January 2019, including, but not limited to a spreadsheet with a list of criminal convictions of peace officers, POST responds that the materials you seek are confidential "summary criminal history information" from the Automated Criminal History System of the California Department of Justice that were provided to POST pursuant to law. (Pen. Code, § 11105, et seq.) As detailed in Penal Code section 11076, explicitly outlined in section 11105, access to this criminal offender record information is restricted to agencies that are authorized to receive it and restricts subsequent disclosure to only those authorized by law to possess the materials. (See Pen. Code, §§ 11105, et seq.) Knowingly furnishing these materials to a person not authorized to receive them is forbidden by state law. (Pen. Code, §§ 11140-11144.) Confidentiality provisions set forth elsewhere in law are expressly incorporated into the California Public Records Act. (Gov. Code, § 6254, subd. (k).) POST therefore must deny this part of your request.</p> <p>While the state agencies POST/DOJ are publicly announcing the releases were in <i>inadvertent</i>, it is important to establish when the "inadvertent" moment occurred to establish when the employee[s] were knowingly and willingly working versus inadvertently working when; collecting the materials, preparing the materials, conferencing between POST and DOJ, organizing the materials to be delivered, and delivering the materials to Lewis/Paladino.</p> <p><u>3.</u> I would also request an appeal to my original request for materials</p> <p>Documents:</p> <ol style="list-style-type: none">1. Any and all materials delivered to Lewis and or Paladino in January 2019 per their CPRA request for law enforcement records to POST, materials including but not limited to a spreadsheet with criminal convictions and peace officers with "-nearly 12,000 names," including the January 2019 and Ten-Year Felony Indicator reports
